SUPPLEMENTARY INFORMATION: When submitting comments or requesting

information, please include the document identifier HHS-OS-0990-New-60D for reference.

Information Collection Request Title: HHS Entrepreneurs-in-Residence Program (EIR)

Abstract: The HHS IDEA Lab, in the Immediate Office of the Secretary, is requesting an approval by Office of Management and Budget (OMB) on a new information collection, which is critical to the success of the HHS EIR program, and identifies private sector entrepreneurs with unique skill sets not available in government to join HHS for a year to work on critical initiatives. The information collection for the HHS EIR custom form management system involves obtaining candidate resumes and responses to short essay questions specifically designed to determine whether entrepreneurs have the knowledge, skills and abilities to successfully complete HHS EIR projects in the government context and mentor existing government staff to acquire new, entrepreneurial skills.

Likely Respondents: The candidate pools, targeted for the HHS EIR program are serial private sector entrepreneurs with no prior federal government experience.

Total Estimated Annualized Burden - Hours

Form Name	Number of Respondents	Number of Responses	Average Burden per	Total Burden Hours

		per Respondent	Response (in hours)	
HHS EIR Application	150	1	1	150
Total	150	1	1	150

OS specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
